

# AI Powered **SMART DCR**

Daily Call Reporting

Effortless Planning for Medical Representatives

# “ Meet Your Smart DCR

## Redefining Field Productivity with Intelligence and Ease

Say hello to your all-new **Smart DCR**—a digital assistant built to simplify every step of field planning for Medical Representatives. Whether it's crafting multi-day tour plans, updating visits on the fly, or syncing with chemists, stockists, and hospitals—everything is now faster, smarter, and hands-free.

With built-in AI automation and voice command capabilities, your team can **plan their day in seconds**, stay on track effortlessly, and never miss a beat in the field.

No more paperwork. No more guesswork.

Just **smart scheduling, real-time updates, and total control from your pocket.**

# “ Smart 24-Day Auto-Planning

## Plan Less. Achieve More.

Take your planning to the next level with our automated 24-Day Tour Plan—an advanced add-on feature designed to streamline monthly scheduling for your field force.

Our intelligent system instantly creates a monthly visit plan tailored to each Medical Representative's region, specialty focus, and call frequency. Just enter key details, and let the AI generate a full 24-day calendar—ready to go, right out of the box.

- Saves time**
- Ensures full coverage**
- Eliminates manual errors**

Let automation handle the planning while your team focuses on what matters most: **connecting with HCPs and driving outcomes.**

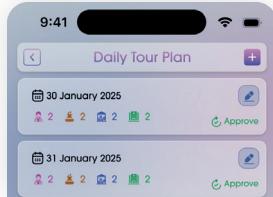

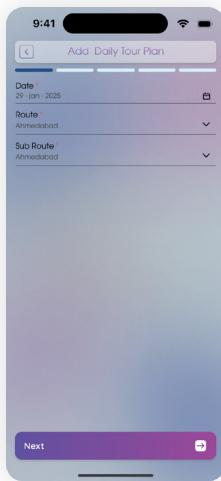

# Create Your DCR with Ease

- Daily Call Report

Our app simplifies DCR creation with a seamless and intuitive process. Here's how it works:

## 1. Start Your Tour Plan

On the home screen, tap the “+” icon in the top right corner to begin.

## 2. Select Route & Subroute

Quickly define your travel path by selecting the Route and Subroute.

## 3. Add Doctors to Your Plan

Use smart filters to find and select doctors based on:

**City**

**Specialty**

**category**, and more

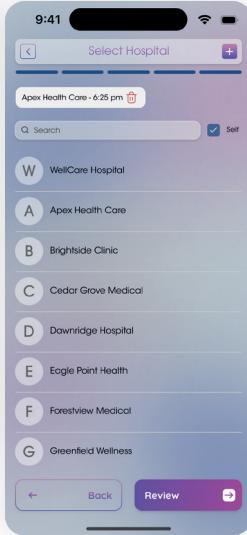

Tap a doctor's name, set the **meeting time**, and you're good to go.  
AND can also select yesterday's missed doctor's from below.

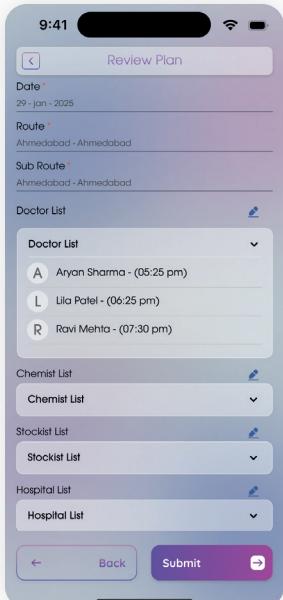

## 4. Select Chemists

Next, choose the **Chemists** you'll be visiting. The process is quick and consistent.

## 5. Add Stockists & Hospitals

Easily include **Stockists** and **Hospitals** to round out your daily itinerary.

## 6. Review & Finalize

Get a full overview of your plan on the summary screen. You can:

- **Edit details if needed**
- **Or simply submit to lock in your schedule**

Your DCR is now complete—**accurate, efficient, and fully aligned with your field goals**.
